DECLARATION UNDER 37 C.F.R. §1.132 OF DAVID E. HOLLINGSWORTH

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22213-1450

Sir:

I, David E. Hollingsworth, of 13030 Tamayo Drive, Austin, Texas 78729 declare and
state that:

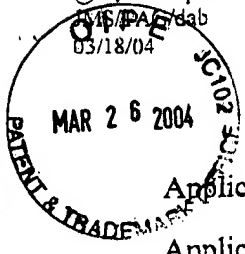

1. I am a co-inventor, along with Robert H. Halstead, Jr., of the subject matter described and
claimed in U.S. Patent 6,504,544, filed July 30, 1999, entitled "Processing Layout of Text
Graphical Objects," ("the Hollingsworth patent").
2. The dates of events referred to in this Declaration are based upon my personal
recollection or by referring to certain files or records that have been maintained during the
events described herein.

3. I am a founder of Curl Corporation and have been subject to an obligation to assign my inventions to Curl Corporation since 1998.
4. Robert H. Halstead, Jr. solely conceived and invented the fundamental elastic operations for graphical layout that are described in the Hollingsworth patent. In particular, these fundamental elastic operations include the "add," "max," "divide," "scale," "equal," and "equal at size" elastic operations.
5. Robert H. Halstead, Jr. provided the suggestion expressly recited in the Hollingsworth patent that other operators, such as "subtract," could also be envisioned." See the Hollingsworth patent, col. 6, lines 23-24.

DECLARATION UNDER 37 C.F.R. §1.132 OF ROBERT H. HALSTEAD, JR.

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22213-1450

Sir:

I, Robert H. Halstead, Jr., of 24 Louise Road, Belmont, Massachusetts 02478 declare and
state that:

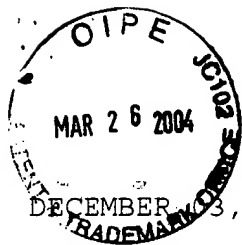

1. I am the sole inventor of the subject matter described and claimed in U.S. Patent
Application Serial No. 09/966,564, entitled "System and Method for Processing
Graphical Objects for Layout Using an Elastic Difference Operation."
2. The dates of events referred to in this Declaration are based upon my personal
recollection or by referring to certain files or records that have been maintained during the
events described herein.

3. I am a founder of Curl Corporation and have been subject to an obligation to assign my inventions to Curl Corporation since 1998.
4. I am a co-inventor, along with David E. Hollingsworth, of the subject matter described and claimed in U.S. Patent 6,504,544, filed July 30, 1999, entitled "Processing Layout of Text Graphical Objects," ("the Hollingsworth patent").
5. I solely conceived and invented the fundamental elastic operations for graphical layout that are described in the Hollingsworth patent. In particular, these fundamental elastic operations include the "add," "max," "divide," "scale," "equal," and "equal at size" elastic operations.
6. I provided the suggestion expressly recited in the Hollingsworth patent that other operators, such as "subtract," could also be envisioned." See the Hollingsworth patent, col. 6, lines 23-24. However, at the time of filing the Hollingsworth patent, I did not have a specific application that required an elastic subtraction operation and thus provided no further description of that operator in the Hollingsworth patent.
7. On or about August 5, 1999, I solely made the elastic subtraction operation for use in grid and table layout using elastics. This elastic subtraction operation is described in U.S. Provisional Application No. 60/236,289 filed September 28, 2000 and described and claimed in U.S. Patent Application Serial No. 09/966,564, filed September 27, 2001.

JointASSIGNMENT

WHEREAS, we, **David E. Hollingsworth and Robert H. Halstead, Jr.**, have invented a certain improvement in **Processing Layout of Text Graphical Objects** described in an application for Letters Patent of the United States, the specification of which:

☐ is being executed on even date herewith and is about to be filed in the United States Patent Office;

☒ was filed on July 30, 1999 as Application No. 09/365,057;

☐ was patented under U.S. Patent No. _____ on _____.

WHEREAS, **Curl Corporation** (hereinafter "ASSIGNEE"), a corporation organized and existing under the laws of the **State of Delaware**, and having a usual place of business at **549 Technology Square, 2nd Floor, Cambridge, MA 02139** desires to acquire an interest therein in accordance with agreements duly entered into with us;

NOW, THEREFORE, to all whom it may concern be it known that for and in consideration of said agreements and of other good and valuable consideration, the receipt of which is hereby acknowledged, we have sold, assigned and transferred and by these presents do hereby sell, assign and transfer unto said ASSIGNEE, its successors, assigns and legal representatives, the entire right, title and interest in and throughout the United States of America, its territories and all foreign countries, in and to said invention as described in said application, together with the entire right, title and interest in and to said application and such Letters Patent as may issue thereon; said invention, application and Letters Patent to be held and enjoyed by said ASSIGNEE for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held by us had this assignment and sale not been made; we hereby convey all rights arising under or pursuant to any and all international agreements, treaties or laws relating to the protection of industrial property by filing any such applications for Letters Patent. We hereby acknowledge that this assignment, being of the entire right, title and interest in and to said invention, carries with it the right in ASSIGNEE to apply for and obtain from competent authorities in all countries of the world any and all Letters Patent by attorneys and agents of ASSIGNEE's selection and the right to procure the grant of all such Letters Patent to ASSIGNEE for its own name as assignee of the entire right, title and interest therein;

AND, we hereby further agree for ourselves and our executors and administrators to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the aforesaid invention to said ASSIGNEE, its successors, assigns and legal representatives, but at its or their expense and charges, including the execution of applications for patents in foreign countries, and the execution of substitution, reissue, divisional or continuation applications and preliminary or other statements and the giving of testimony in any interference or other proceeding in which said invention or any application or patent directed thereto may be involved;

AND, we do hereby authorize and request the Commissioner of Patents of the United States to issue such Letters Patent as shall be granted upon said application or applications based thereon to said ASSIGNEE, its successors, assigns, and legal representatives.

IN TESTIMONY WHEREOF, we have hereunto set our hands and affixed our seals the date set forth below.
